Property Description

Jungle Beach Hotel is one of the last little gems left in Manuel Antonio!!! This hotel is within walking distance to the most visited place in Costa Rica; Manuel Antonio National Park. Location is everything when it comes to this high occupancy hotel. It is just a 3 minute stroll to one of the most amazing beaches in Central America; you can walk to several great restaurants and several little supermarkets and souvenir shops. This hotel has identity and personality as it perfectly combines the jungle with the beach. For people looking for a true Costa Rican tropical jungle beach experience, this is where they want to be. The hotel is visited daily by all three types of monkeys because it's right in the middle of their daily treetop corridor passage. There are 12 standard rooms, one owner apartment suite, and a small 3 bedroom bungalow. Among the standard rooms, 7 are comfort rooms with two queen beds, 2 are King rooms with one king bed plus a single bed, and 3 are Family King rooms with a king bed and a triple bunk bed.
