Property Description

A stunner of an ocean view property – this remarkable estate features sensational ocean views from a sumptuous ‘natural paradise’ location. This two-bedroom primary home and a boutique hotel with six rental apartments are today’s hot-ticket listing that has many of the key items that Costa Rica real estate buyers are looking for. The main house is extremely solidly built, with tall cathedral ceilings made of local hardwood and solid, oversized hardwood doors. Bathrooms are all tiled with large-format stone tile backsplash and beautiful mosaic tile inlays and floors. The owner’s home has a private driveway and parking area leading to the home. Sitting a good distance away from the rental apartments, this house feels like a sanctuary, despite having numerous guests situated below. The entry to the home features a foyer with a closet for storage that is large enough to double as an office.
