Property Description

Casa La Meridiana is a lovely home perfect to get away from it all! Casa La Meridiana is a modern/colonial build with lots of character! This 3 bedroom, 2.5 bath, is filled with abundant natural light and is designed for easy living. Entertaining has never been easier in a home with an open floor plan. For example, if you have company over and are cooking in the kitchen, you'll still be able to see and interact with your guests. When cooking a family meal, you won't have to worry about running from room to room to bring out refreshments or miss out on socializing. All three bedrooms are of ample size and have mini-split air conditioning to help you combat the Costa Rican heat. The master bathroom has a large shower with a door to an exterior garden area. Just off of the living and dining area is a sizable outdoor patio space with a large table and a hammock perfect for afternoon naps.
