## Property Description

Lots 14 & 15 are being sold as a package. The total area is 5.9 acres, including a huge building site on lot 15 (see photos). Another building site could be cleared on Lot 14 as well. Lot 14 also features a seasonal creek. This lot package features the absolutely most drop-dead views of the valley and surrounding mountains offered. Being located at the back of the development and at the highest level, lots 14 & 15 also offer a supreme level of privacy. La Colina Verde is conveniently located in the Alexander Skutch Bio Corridor and is just a short drive away from the pacific beaches. The property is also on the same road as Toronto's York University research center "Las Nubes" so you will never feel too isolated. With endless hiking opportunities in Chirripo National Park and the famous "Alta Gracia" resort just a stone's throw away, you will have plenty of opportunities to enjoy the beauty and diversity of the area.
